NOTES

The Dufour 410 Grand Large represents a happy mix of innovation and nautical tradition. Perfect boat for the family, it is characterized by a large well protected and extremely livable cockpit thanks to the extensions of the benches that transform it into a perfect sundeck. The real strength is, however, the interiors that, thanks to a generous maximum beam, give the volumes of much larger boats to this 41-footer. Regularly maintained with service the proposed boat is in perfect conditions.
