- cockpit cushions
- big bow area cushion

NOTES

The Grand Soleil 40 is a true performance cruiser with outstanding manoeuvrability and liveability. She delivers speed combined with generous and cleverly designed living space and is elegantly furnished below.

The hull and deck are built in a sandwich of closed cell foam and vinylester resin in the first layers. Further reinforcements are positioned in high stress areas.

The proposed boat is in excellent condition, regularly maintained and serviced. Sole owner.
