FERRETTI 670

LAYOUT:

The interiors perfectly interpret the concepts of well-being and domestic comfort that distinguish the brand. A large open space is organized into 3 main areas: the living area with two large facing sofas is separated from the raised dining area, which offers absolute comfort for a boat of this size.

The lower deck has 3 cabins. The owner's suite is a full-beam space of no less than 20m², while to starboard there is a double cabin with two separate beds, which share a bathroom which also functions as an open head.

At the extreme bow we find the VIP cabin, with its own bathroom and separate shower. 1 crew cabin.
