

RIVA 90 ARGO M/Y NERO

The 90-foot yacht is the latest addition to the new-generation Riva flybridge range and complements the highly successful Riva 100' Corsaro and the Riva 110' Dolcevità, which is set to be launched in early 2018. The new yacht combines and reinforces the unique selling points of its predecessors, with particular emphasis on the exterior styling distinguished by a sleek and dynamic profile and the generous use of glass for the hull-mounted windows, from the stern to the wide-body owner's suite on the main deck and on the raised pilothouse.
