Additional Information

Sunseeker Yacht 82 - Built 2007 - GLAFIRA -

This Sunseeker 82 from 2007 Yacht is a splendid blend of elegance with a cherrywood interior and sportsmanship. Privately owned and never been chartered.

With only 800 engine hours

The dynamic qualities of this Sunseeker 82 are quite unique, as she features a Seakeeper 16 stabilizer that really changes the behavior of the boat while cruising and at anchor, making boat roll a thing of the past. This can be felt even at moderate speeds of up to 12 knots.

The boat is equipped with a large watermaker, several fridges and freezers, inverters for spending the night at anchor, lots of space for storage, so all you need for a few days at sea without having to go back to port any time soon.

The electronics are Simrad plotter and radar . Bow thruster are hydraulic and very responsive. Maneuvering this boat is very intuitive and user friendly. So is the autopilot while cruising.

The interior is timeless and uncomplicated, as most contemporary interior designs nowadays. The galley is equipped with high quality brand appliances and can be split from the salon by a sliding door for privacy.

There is a master stateroom with 2 walk-in closets and an en-suite bathroom. The VIP cabin is adjacent and there are 2 twin cabins towards the bow. They all have en-suite bathrooms with showers.

The bridge is very comfortable and features a seating area for the crew with a table that unfolds and that can be used to have meals and/or as an office desk for the captain.

The flybridge is also very spacious featuring a table that can be unfolded and that can seat up to 10 guests comfortably. There are also sunbeds that could eventually be replaced by a hot tub as the boat also has sunbeds in the bow area.

This boat can be viewed in Liguria - Italy
