

STANDARD EQUIPMENT			Ceriale (SV)		September, 27th - 2008	
S34 F	model name	S34 fly	length overall	L _{oa}	11,96 m	(39,24 ft)
	edition / revision	A / 3	length of hull	L _h	9,97 m	(32,71 ft)
	date of revision	09/27/2008	max beam	B	3,46 m	(11,35 ft)
	CE category	B	draft (full load)	D	0,78 m	(2,56 ft)
	max load	10 people + luggage = 1.000 Kg	displacement (full load)	W	10.200 Kg	(22.487 avdp)
Boatbuilding materials:			Stern cockpit features:			
GRP fibreglass hand made, with polyester resine. -----			Bollards and hitches. Solid teak deck. Remote-controlled hydraulic gangway. Telescopic shower. Side peaks, stern chest, hatch to the stern peak and the engines room. Electric lights and stern beam. Awning with telescopic stainless steel frame. Ladder to the flying bridge. Stern deck with ladder. -----			
Reinforced hull, with sections and floors according with RINA rules. Plywood-sandwich made deck, cabin and fly-bridge. Non-skid slip-resistant walking areas. -----			Internal cabins features:			
Mahogany plywood made bulkheads, walking floors, and furnishings. Finishing of the interiors made by solid mahogany. Deck-hull joint made by solid mahogany. -----			Master cabin with access door. Double bed with drawers, pillows and mattress. Side shelves and two wardrobes. Main central electric lights and two side lights, lighting inside the wardrobes. Two portholes and hatch with curtains. Dressing mirror. Side guest cabin with two tower beds, pillows and mattresses. Wardrobe. Main electric light and two side lights, lighting inside the wardrobe. Porthole with curtain. -----			
Mahogany wood varnished with 4-phases cycle (8-phases for outer fittings). Anti-osmosis hull protection with 5-phases cycle, with epoxide and anti-vegetative and anti-foul varnishing. Anti-mould internal treatment with 3-phases cycle, with grey gelcoat. -----			"U" shaped sofa and telescopic table, to be transformed into a double bed. Bins under the sofa. Galley with two gas burners, self draining cooker table, two sinks with mixer, bins and drawers. 100 litres fridge. Helm and steering console. Hatches to the engines room. Electric lights, 230 Vac and 12 Vdc sockets. Windscreen with three two-speeds wipers, sliding side windows, sliding access door. Cushions and pillows. HiFi system with CD player and four loudspeakers. -----			
Stainless-steel made side safety rails, andholds, pulpit and flybridge ladder. Stainless-steel bollards and hitches. -----			Restroom with electric sea-toilet. Fresh water tank level meter. Sink with mixer, mirror, drawers, bins and shelves. Access door. Electric light, porthole with curtain. 230 Vac socket. -----			
Solid marine bronze seawater inlets and outlets, seacocks and through-hull fittings. Stainless-steel exhaust outlets, fuel tanks and desilter, and fresh water tank. -----			Shower with automatic flushing pump. -----			
CE compliant windows, portholes and hatches with aluminium alloy frames. Windscreen on the flybridge. -----			Steering console:			
Onboard safety features:			Steering console, with engines control panels (RPM, hours meter, water temperature, oil pressure, 12 Vdc alarm, voltmeter, current meter). Fuel tanks level meter. Hydraulic steering system with wheel. Two engines control knobs (left and right). Compass. Steering chair. 12 Vdc main switchboard. Anchor winch remote control. Front beam remote control. -----			
Engines room with anti-noise and anti-fire wall and roof protection, and outer air vents. Fire extinguishers (Italian law compliant). Gas tank separate bin with vent. -----			Secondary steering console, on the flying bridge. Steering console, with engines control panels (RPM, hours meter, water temperature, oil pressure, 12 Vdc alarm). Fuel tanks level meter. Hydraulic steering system with wheel. Two engines control knobs (left and right). Compass. Anchor winch remote control. Steering chair with cushions and optional rescue raft room. Overnight cover for the console and the chair. Access ladder and hatch. Windscreen with stainless steel frame and pulpit. Roolbar for antennas, lights and beam. -----			
Diesel pipelines with CE compliant fuel hoses. Fire prevention remote switches (wheel house). -----			Engines room:			
Three electrical bilge pumps, with direct 12 Vdc power supply, automatic and manual switches. Manual bilge pump in the cockpit. Emergency bypass bilge pump driven by the left main diesel engine. -----			Engines room with anti-noise and anti-fire wall and roof protection. Electric lights. Access hatch with thermal and acoustical insulation. Two diesel inboard engines 315 HP each, with elastic supports. Sea water filters with inspection windows. Silenced exhausts. Sea water cooled shaft systems. -----			
Anti-fire CE compliant wiring. Three 12 Vdc main switches, for left, right and parallel circuits. 2x200 Ah + 1x180 Ah 12 Vdc batteries. Main control panel, with thermo-magnetic bipolar switches for each onboard circuit. Waterproof junction boxes and main wirings. 200 A main fuse for services. Differential circuit breaker for the 230 Vac shore power connection. Ground circuit, with copper wireframe joining each iron part of the boat, terminating on ground anodes. -----			Two diesel tanks 120.0 gallons each. Central desilter, 52.8 gallons, with pouring valve (2x450L+200L). Connection pipe with valves. Two fuel inlets, two vents. Pre-filters with desilters. Level check (right tank). -----			
Solid marine brass seawater inlets and outlets, seacocks and through-hull fittings. Engines exhaust above the floatation waterline. -----						
Engines control panels with emergency buzzers and lights for each alarm. -----						
Foredeck features:						
Self-draining fore-peak with two doors. Two bollards and hitches. Anchor hold and chain wheel. 1000 W winch with local and remote controls (wheelhouse and flybridge). Side pulpit. Side bollards. -----						

Steering system: Two coupled steel rudders with anodes. Hydraulic steering system. Secondary wheel on the flying bridge. -----	Basic configuration price: Edition Genova 2008 / SEPTEMBER 2008 (2008-09.1) 2× Yanmar 315HP (6LPA STP2) ===
Fresh water system: 47.6 gallons tank (180L), with side vent and siphon. Automatic pump. Mixers for restroom sink, galley sink, internal and external showers. Heater with electrical and mechanical power (230 Vac / main diesel engines). ----- 	Technical measures quoted here are "mean values" computed for the standard product. Pictures included in the presentation folder display a customised items, and should not referred to the standard model: they may include equipment and accessories not included at the standard price level. V.A.T. is excluded from quoted prices. Prices are "ex works" Ceriale Italy. -----
More standard features: White hull and deck gelcoat colour. ----- Mandatory green, red and white lights. ----- Overnight windscreen cover. ----- 13 Kg anchor, 75 meters Ø8mm chain. ----- Windscreen with wipers shower. ----- 230 Vac batteries charger, and differential circuit breaker. ----- 230 Vac internal sockets. ----- Remote controlled beam (both consoles). ----- Portholes anti-flies curtains. ----- Customized name stickers. ----- Owner's manual with drawings and schemas. ----- Temporary mooring ropes. ----- Fenders. -----	
NOTE: Due to Sciallino's commitment to continually improve our products, we reserve the right to modify or change, without notice, any materials, specifications, equipment and/or accessories. All measurements quoted are approximate. The features herein described are then attached to the order confirmation as approx reference. Prices are "ex works", Italy, Ceriale (SV): shipping cost will be charged upon order confirmation. Import-Export fees or taxes are not included. Local taxes or other local mandatory expenses are not included. V.A.T. is not included from quoted prices. -----	
Optional equipment:	
1 - Carpentry for the installation of an optional echosounder	extra
2 - Carpentry for the installation of an optional GPS (twin station)	extra
3 - Carpentry for the installation of an optional VHF (twin station)	extra
4 - Carpentry for the installation of an optional autopilot (twin station)	extra
=====	
6 - Automatic battery charger, with 230Vac harbour socket, differential switch, 230Vac/12Vdc supply, 230Vac sockets	standard
7 - Seawater pump, for cockpit washing or live-bait	extra
8 - Septic tank	extra
9 - Carpentry for the installation of an optional diesel 230Vac generator	extra
10 - Trolling-valve system	extra
11 - Shower in toilette	standard
12 - Aft-deck, with swimming ladder	standard
13 - Teak deck(cockpit only)	standard
=====	
15 - Cushion for the foredeck	extra
16 - Tuna-door in the cockpit	standard
17 - High-beam on the roof	standard
18 - Refrigerator	standard
19 - Waterproof awning, with stainless-steel frame	standard
20 - Gangway for access from the marina (remote-controlled hydraulic system)	standard
21 - Stereo Hi-Fi with CD player, FM/AM radio, 4 loudspeakers	standard
=====	
23 - Boiler and double fresh weater system	standard
=====	
25 - Air conditioning system	extra
