

30 OPEN

LUHRS SPORTFISH

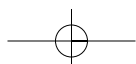

Presenting 30 Feet of Fishing Machine Backed by 60 Years of Bluewater Experience.

*Luhrs 30 Open Sportfish
shown with optional tower.*

The All-New Luhrs 30 Open Sportfish is the latest Luhrs offering from the Millville, New Jersey factory. Generations of coastal Jersey bluewater boatbuilding have given us the experience to build a fishboat with a perfect balance of sport fishing and family-friendly design, and the New 30 Open Sportfish typifies this renewed approach to quality. From the smart, functional layout to the wealth of standard features like the livewell, tackle prep stations and washdowns, everything about the New 30 Open Sportfish is designed to provide you with all the versatility you need. The sculpted lines, custom-molded hardtop and gently rising sheer are about more than just a stylish custom look – they all contribute to the boat's exceptional bluewater handling and comfortable, dry ride. Combine these construction features with the new Luhrs standard of build, fit and finish, and you've got a boat that pairs exceptional performance with very attractive looks.

Whether you're a hardcore competitor or just looking for a fantastic family outing, the New Luhrs 30 Open Sportfish truly delivers.

This boat makes a statement. Below decks, the all-new 30 Open features sleek styling, with durable UltraLeather™ seating, boldly contrasting cushion fabric and vertically-grained teak cabinetry. Overhead rod storage is standard in the salon, making for easy access to your gear. The full galley comes complete with genuine Corian® counters, a one burner electric stove, microwave, front-loading refrigerator and a stainless steel sink with cover. The head with shower is roomy, well-laid out and provides plenty of storage.

All these features are designed into in a rugged, intelligent layout with plenty of headroom and space to comfortably sleep four.
