CALYPSO OF MALAHIDE is a true North Sea trawler, built to massive scantlings that are usually found in a vessel twice her size. During the 2002- 2003, she underwent a major refit to totally update the yacht and also to bring her into compliance with MCA code. A very sea-kindly yacht which makes cruising on her a real pleasure. Well equipped for those who may be energetic and want a variety of water-sport activities but equally suitable for those who wish to sit back, relax and watch the world go by.

Builder : Southern Marine Limited

Year : 1975, extensively refitted
year 2002/03

Length : 20,00 m

Beam : 6,30 m

Draft : 2,77 m
