All Lagoons bear the VPLP (Van Peteghem Lauriot Prévost) signature, the most successful one of naval architects to date in catamaran sector. The Lagoon 450 offers an extensive and coherent range of crafts to satisfy all sailing schedules. Innovative and fast, easy to handle, comfortable at sea and at anchor. There is a 360° visibility from the salon and an exceptional brightness in all cabins thanks to large hull windows. Of course, the irreplaceable qualities of the Lagoon 440 have been retained as a starting point: a steering station on the fly bridge accessible from both sides of the cockpit, a forward cockpit, performance under sail ... and an incomparable comfort in the salon and in the cabins. Larger and with a bigger sail area, it also benefits from important improvements in terms of safety, performance and cruising comfort. The Lagoon 450 offers accommodation for up to 8 guests in 4 double cabins (one convertible in Twin) all with en-suite facilities.
