

Windpearl One

For the safest family cruises

Designed by Philippe Briand for long range cruising, each Ponza 60 is custom-built to exceed the expectations of its owners.

Blue-water sailing

- Stiff yacht with 8.5 T keel for 188 m2 upwind.
- Large 108 m2 genoa with 145% overlap.
- V1D1 shrouds on the roof edges for better upwind sailing.
- Self-tacking staysail for heavy winds.
- Rudder with JP3 high-strength shaft.

Reliability and ease of use

- Low draft of 2.25 m for easy harbor access.
- Five sails from Incidences, La Rochelle, France.
- Leisurefurl furling boom.
- Seven Lewmar winches at hand on the deck, five electric.
- Harken rails, blocks and other fittings.
- Redundant and highly sensitive steering system thanks to Vectran cables and roll bearing blocks.

Space on the deck

- Flush teak deck with full length planking.
- Wide center-cockpit for eight to twelve guests.
- Second cockpit with aft terrace dedicated to manoeuvres.
- Sunbrella Plus™ sprayhood and folding bimini.
- Tender garage and two bathing platforms.

Wonderful living quarters

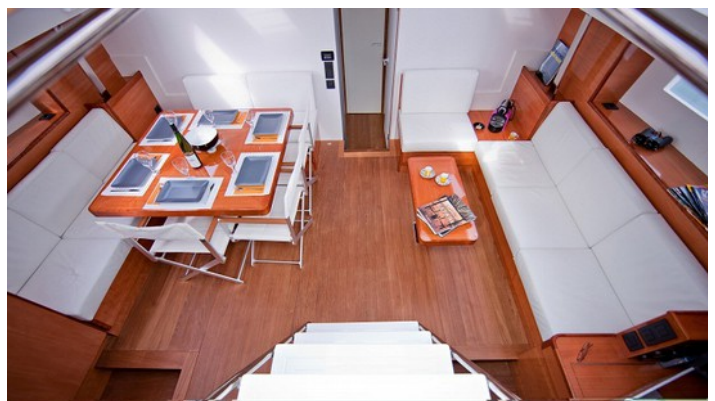

- Wide double saloon with 360° panoramic views.
- Fully equipped U-shaped kitchen.
- Luxurious owner's cabin at the stern.
- Three baths and four electric toilets.
- Arrangements for seven passengers plus skipper cabin.
- Excellent ventilation throughout the ship.

Well equipped for long journeys

- Up to 1200 liters water and 900 liters gasoil.
- Ample cold storage (500 liters).
- Dishwasher and washing machine.
- Spacious engine room with triple access.
- Yanmar 125 HP engine and 9 KVA Kohler genset.
- Sufficient and well-centered battery pack.
- Large stainless stemhead for two 40 Kg anchors.

A Yacht built to last

- Composite hull, deck, and walls with PVC foam.
- Well sized hull structure, stratified in the hull mold to ensure high crashworthiness and increase yacht rigidity under sails.
- Oversized chainplates, shrouds, and mast.

Manufacturing

- All lay-ups set by Philippe Briand.
- Sandwich deck with PVC closed-cell core.
- Reinforcements stratified in molds for increased stiffness.
- Composite walls across the ship.
- Premium carpentry and stainless steel works.
- Equipment sourced from leading suppliers worldwide.
- Maréchal mast, Incidences sails, Lewmar & Harken gear.

Selected quotes

"The right size for both ocean crossing and luxurious vacations. We cruised at 10 knots in 18 knots of wind."

Detlef Jens, Segel Journal, Hamburg

"Inside, looks like you sail a luxury catamaran."

Stéphane Jezequel, Le Télégramme, Brest

"Stability at anchor is remarquable."

Yves Gaubert, Mer & Bateaux, La Rochelle

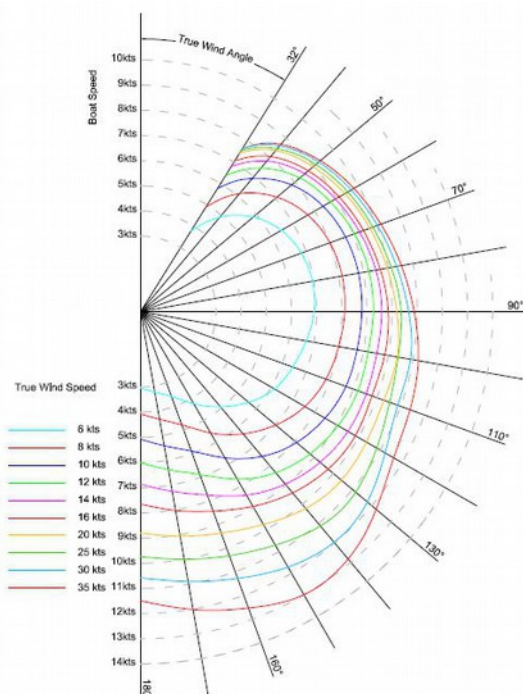

"Il est magnifique ton navire !!!"

Loick Peyron, France
