INDIVIDUALITY MEETS CHARACTER

HALYARD MANAGEMENT

All halyards, sheets, trimming and reefing lines run completely covered below the deck aft to the helmsman positions.

 **COMPANIONWAY** Long, easy access to below decks with low threshold and optimized staircase angle of 50°. Openable flush deckhatches for natural light and ventilation in aft cabins.

INNOVATIVE ENGINEERING

Double helmsman position with pods for navigation instruments and comfortable seats.

 **COCKPIT DESIGN** The best and most innovative cockpit in the class with very comfortable backrest angles and lots of space for the whole crew. Position for optional grill in cockpit below helmsman seat.

Hanse 455

RIG & SAILS The tall rig and large sail area makes it one of the best performers in it's class

SELFTACKING JIB
Tacking without touching the sheet.

NEW LEVEL OF DESIGN
Elegant hull to deck-joint with solid and safe bulwark. Deck and hull (above WL) laminated with vinylester resin to give a strong and light sandwich construction with balsa core. Multifunctional bow fitting with on deck anchor roller, solid teak step and gennaker attachment point.

LIGHT & VENTILATION Ample light and ventilation provision via 4 large openable flush hatches above owners/front cabins, front and rear heads and saloon.

COACH ROOF One step high elegant and easy to walk over coach roof with integrated curved flush hatches. Openable coach roof side windows.

HULL WINDOWS Elegant hull windows in front and aft cabins. One extra large hull windows per side in the saloon for looking at the sea from the saloon.

HANSE STANDARD Modern and effective T-speed-keel with extra safe keel to hull assembly from the massive bottom structure and strong high quality stainless steel bolts. Exceeds CE requirements.
