Loa: 64 m

Bea: 12,20 m

Year Constructed: 1967

Berths: 33

Engines: n. 2

Engine Model: Deutz

Engine Power: 2x1650 HP

Fuel Type: Diesel

Drive Type: Shaft Drive

64 m Expedition/Research/Megayacht for sale

This vessel was until 2002 an active research and survey vessel in the Canadian Coast guard.

All her systems are maintained to a very high standard while in service which included constant upgrades and refit in 1999 prior to her being sold for private use.

From 10/08 until 03/09 she was dry docked and completely serviced as the first stage for her conversion to a pleasure yacht.

This included inspection and service to her (2) x 1650 deutz engines ( in perfect order ), complete rebuild of (2) Cat: 3408 AC generators,

pulling and rebuilding both propeller shafts, rebuild of both Rolls Royce variable pitch props and systems, rebuild of clutch and gear systems to main engines, blasting and bottom paint, new anodes, blasting and paint above water line, new timber deck.

These represent the larger items that were completed during the refit however many other items were handled at this occasion.
