

TYPE: Twin Screw Diesel Yacht
REF.: GENTLEMEN CLASSIC 36
BUILDER: COBRERA SHIPYARD-TURKEY

CONSTRUCTION: Welded steel hull
Cold Molded Superstructure

Teak-laid decks
AWLGRIP hull & underwater marine paint

FLAG: MADERIA
CLASSIFICATION SOCIETY: RINA

DIMENSIONS: 38.00 x 8.00 x 2.00 m
GROSS TONNAGE: 280 tonnes
Displacement: 190 tonnes

Cruising speed: approximately 12,5 knots
Maximum speed: approximately 14,5 knots

ACCOMMODATIONS:

Passengers: 12 in 6 cabins
Crew: 5 in 3 cabins

Granite, leatherette and aluminium used will be of substantial thickness and high quality.

Furnishings, cupboards, cabinets and closets will be arranged according to the owner's preference. They may vary in number, given that definitive plans will allow the optimum use of all available space for storage facilities. Fixtures for glasses, plates and cutlery will be of appropriate design, and compartmentalized for safe storage.

Upholstery, fabrics and materials will be of high quality, in a colour and design to be selected by the owner or rep.

Exterior:

- Main deck in white epoxy paint finish, ALWGRIP
- Teak bridge flooring of minimum thickness 1.5,
- Main flooring of teak, minimum thickness 1.5,

Various integral cabinets, benches and loungers of varnished mahogany, with

Pedestal risers in white epoxy up to Cold Molded Superstructure

- Varnished mahogany handrails,
- Teak stairways,
- Teak and/or glass and mahogany tables, according to the owner's preference, with sufficient chairs and benches for 12 persons.

Interior:

Cabin bulkheads will be of double-insulated marine plywood, ports of glass and stainless steel construction, with claddings as follows:

- Bridge deck: varnished mahogany facings,
- Main deck: bleached white oak facings,
- Lower deck: bleached white oak facings,
- Bridge deck flooring: wheelhouse, passageways, stairways, captain's cabin - teak or parquet, glazed and stained to match the colour of facings - Toilets and galley - granite,
- Main deck flooring: Dining room, salon, cabins - carpet – passageway - teak or parquet, glazed and stained to match the colour of facings, toilets, galley, bathroom, granite
- Lower deck flooring: cabins, recreation room - carpet – passageways, main hanging closet, teak or parquet, glazed and stained to match to colour of facings, Bathroom, granite
- Crew's quarters: passageway, toilets, laundry - granite – cabins - teak or parquet, glazed and stained to match the colour of facings.

Interior furnishings:

- Dining room table, sideboards, bookshelf, storage furniture, night stands, dressers, crew's furniture - bleached white oak with glazed table tops.

Interior ceilings:

- Dining room, salon, bridge - false ceilings of timber construction, with surrounding alcantara or leatherette facings – bathroom, toilets, passageways, cabins and galley - no timber false ceilings, alcantara or leatherette panelling only.

C. DOMESTIC EQUIPMENT

Main galley:

Granite and stainless steel worktop and stainless steel double sink.

Dumb waiter between main galley and sun deck galley.

- 1 x Bosch hob with 4 induction rings,
- 2 x Bosch pyrolitic ovens,
- 1 x Bosch microwave oven,
- 1 x Bosch dishwasher,
- 1 compactor for household waste,
- 1 x NESPRESSO coffee machine
- All necessary equipment: saucepans, deep fat fryers, dishes, frying pans, casserole dish, cutlery, sieves, corkscrew, etc., are under owner's responsibility.

Sun deck galley:

- Granite and stainless steel worktop and stainless steel double sink,
- 1 x Bosch dishwasher,
- 1 x microwave oven,

Crew's mess galley:

- Granite worktop and stainless steel double sink,
 - 1 x set of equipment: saucepans, frying pans, dishes, cutlery, corkscrew, sieves, etc.
-

- 1 x Bosch hob with 2 induction rings,
- 1 x Bosch microwave oven,
- 1 x Bosch dishwasher,

Refrigeration:

(*) ~ 2 x Bosch refrigerators/freezers (in galley), frost-free

(*) ~ 1 x Bosch refrigerator/freezer (in sun deck galley), frost-free

(*) ~ 1 x Bosch refrigerator/freezer (crew's mess galley), frost-free

- 1 x 100 bottle wine cellar, GE or equivalent
- 2 x ice machine in Fly-bridge and main galley

Laundry:

- 2 x Bosch 8 kg washing machines
- 1 x Bosch 8 kg condensation dryer
- 1 x ironing board
- 1 x steam iron

D. ROOM FIXTURES

Salon and dining room

- Large solid wood table and armchairs for 12,
- Sideboards for the storage of cutlery, tableware, plates and glasses,
- Room divider furniture, incorporating pull-out and pivoting TV and Hi-Fi,
- Fabric-upholstered sofas, small round table and 2 leather armchairs,
- Occasional furniture, low 2-level glass and bleached wood table,
- Sideboard with bookshelf,
- Direct lighting by ceiling spots, indirect lighting from lamps and floor lights,
- Manually-filled fish well with drainage valve on the main exterior deck, with lighting facility

Master cabin:

- Double bed (180 cm) with side drawers,
- Floor and ceiling lights,
- 2 bedside lamps, 2 reading lights,
- 1 pull-out TV table with Hi-Fi fitted to one side,
- Hanging closet + dresser with drawers or facing shelves,
- Hall carpet,
- 1 code-operated safe,
- Small sofa,
- 1 desk with armchair, 2 cabinets with hanging files in their lower section and 2 drawers, extendable according to the depth of the desk,
- Curtains, carpets and fabrics to be chosen by the owner from shipyard samples.

Master cabin bathroom:

- Bathroom dressing table, with drawers,
 - Mirror, granite worktop, 2 washbasins, 1 bidet, SANICA shower with glass door,
 - Partitions and ceilings of Korean laminate, Grohe sanitary fittings, lighting and bathroom accessories included,
 - Separate TEKMA brand electric toilets,
 - Matching granite floors,
 - Storage furniture with drawers and shelves under washbasins and to the side.
-

Two V.I.P. cabins (per cabin):

- Double bed (160 cm) with drawers,
- Floor and ceiling lights,
- 2 bedside lamps,
- Dresser with drawers and shelves,
- Hanging closet,
- 1 small armchair,
- Curtains and fabrics to be chosen by the owner from shipyard samples.

Two V.I.P. cabins bathroom (per bathroom):

- Mirror, granite worktop, washbasin, electric toilets & SANICA shower with glass door
- Partitions and ceilings of Korean laminate, Grohe sanitary fittings, lighting and bathroom accessories included,
- Separate TEKMA brand electric toilets,
- Matching granite floors,
- Storage furniture with drawers and shelves under washbasin.

Guest cabins 1 and 2 (per cabin):

- Two single beds (90 cm) with drawers,
- Floor and ceiling lights,
- 1 bedside lamp + 2 reading lights,
- Dresser with drawers and shelves,
- Hanging closet,
- Curtains and fabrics to be chosen by the owner from shipyard samples.

Guest cabin 1 and 2 bathroom (per bathroom):

- Mirror, granite worktop, washbasin, electric toilets & SANICA shower with glass door,
- Partitions and ceilings of Korean laminate, Grohe sanitary fittings, lighting and bathroom accessories included,
- Separate TEKMA brand electric toilets,
- Matching granite floors,
- Storage furniture with drawers and shelves under washbasin.

VIDEO cabin:

- 1 sofa, convertible to double bed (160 cm),
- Floor and ceiling lights,
- 1 bedside lamp,
- Dresser and hanging closet with drawers and shelves,
- Curtains and fabrics to be chosen by the owner from shipyard samples.

VIDEO cabin bathroom:

- Mirror, granite worktop, washbasin, electric toilets & SANICA shower with glass door,
 - Partitions and ceilings of Korean laminate, Grohe sanitary fittings, lighting and bathroom accessories included,
 - Separate TEKMA brand electric toilets,
 - Matching granite floors,
 - Storage furniture with drawers and shelves under washbasin.
-

Captain's cabin:

- One single bed (140 cm) with drawers,
- Floor and ceiling lights, 1 bedside lamp or reading light,
- Hanging closet + dresser with drawer and shelves,
- Carpet,
- 1 safe,
- Curtains and fabrics to be chosen by the owner from shipyard samples.

Captain's cabin bathroom:

- Mirror, granite worktop, washbasin, electric toilets & SANICA shower with glass door
- Partitions and ceilings of Korean laminate, Grohe sanitary fittings, lighting and bathroom accessories included,
- Separate TEKMA brand electric toilets,
- Matching granite floor,
- Furniture with shelves and drawers under washbasin.

2 crew cabins (per cabin):

- Two single beds (90 cm), low-level beds with drawers,
- Floor and ceiling lights,
- Hanging closet + cupboard with drawers and shelves,
- Carpet,
- Curtains and fabrics to be chosen by the owner from shipyard samples.

2 crew bathrooms (per bathroom):

- Mirror, granite worktop, washbasin, electric toilets & SANICA shower with glass door
- Separate TEKMA brand electric toilets,
- Partitions and ceilings of Korean laminate, Grohe sanitary fittings, lighting and bathroom accessories included,
- Matching granite floor,
- Furniture with shelves and drawers under washbasin.

Crew and captain's dining area:

- Kitchen dresser for the storage of cutlery and utensils,
- Storage furniture for linen/sheets,
- Table and bench for 6 persons,
- Granite floor.

Miscellaneous cupboards**Lower deck:**

- Main hanging closet + side shelves for linen
- Linen cupboard for miscellaneous linen
- Crew's quarters hanging closet + shelves for oilskins next to stairway
- TV room: 1 dresser with drawers and 1 hanging closet next to TV
- Under stairways: storage cupboards for sheets and towels

Main deck:

- Master cabin entrance lobby: linen cupboard with shelves and drawers
 - Between the two stairways: cupboard with shelves for medicines
 - Between curve of exterior stairway and exit door: storage cupboard for towels
 - Above fish well: storage for aperitif bottles
 - Port side to the rear: exterior storage for ropes
-

- Under sofas: storage boxes for cushions

Bridge deck:

- In the galley: optimum use of space with various cupboards
- Eating area: storage bench for cushions
- Fore of bridge: opening box for miscellaneous storage
- In wheelhouse access passageway: low-level cupboard for optimum storage
- Sun lounge area: opening boxes for the storage of cushions

MACHINERY

MAIN ENGINES 2 x 1235 hp. Caterpillar C18 type

Second port manoeuvring station

GEAR BOXES 2 x twin disc reverse reduction gear boxes

SHAFTS & PROPELLERS 2 x stainless steel shafts with

2 x 5-bladed bronze propellers

FUEL CAPACITY 20,000 litres fuel

Claddings in the engine room are of microporous aluminium with double insulation.

WHEELHOUSE (Plan and details to be defined subsequently)

- Leatherette console,
 - Rosewood electric panel,
 - Main engine and gearbox controls,
 - Navigation instruments,
 - Electric panels,
 - 1 x code-operated safe,
 - Navigation lights/windscreen wiper/windscreen washer/engine fan/bow & stern thruster controls/fuel, fresh water and waste water gauges,
 - Thruster switches,
 - 1 x rail-mounted leather power seat,
 - 1 x stainless steel 3-horn klaxon,
 - 3-anchor windlass controls and chain counter for all 3,
 - VHF station desk and table,
 - 3-seater leather sofa for guests, with small oval table,
 - Key-operated safe below seat
-

- **AUXILIARY MACHINERY & ELECTRICAL SYSTEM**

GENERATORS 2 x Koehler diesel generators, **55 KW** to be calculated

1 x Koehler diesel night generator, **27 KW** to be calculated

Designed for sea water-cooling, with exhaust below the water line for silent operation.

Subject to analysis of the requisite capacity for equipment, lights and searchlights.

ELECTRICITY 380 V three-phase ac @ 50Hz

220 V single-phase ac @ 50Hz

24 V dc

SHORE POWER 380 V/220 V three-phase ac @ 50Hz

Shore connector cable of minimum length 50m

BATTERIES, INVERTER AND CHARGER

4 x 200 Ah marine batteries for engines

8 x 200 Ah marine batteries for service

3 x 90 Ah marine batteries for generator

1 x 100 Ah battery charger (REYA)

NAVIGATION LIGHTS All navigation lights will be of the DHR type.

TANK CAPACITIES (approximate)

FUEL TANK

The fuel tank will be of 20.000 litres capacity. Gauges will be installed in the wheelhouse

FRESH WATER TANK

Fresh water tank of capacity 4,000 litres. The gauge will be installed in the wheelhouse

WATERMAKERS

(*) 2 x reverse osmosis searecovery watermakers, each of appr. 180lt./hr.

AIR PRESSURE FRESH WATER TANK

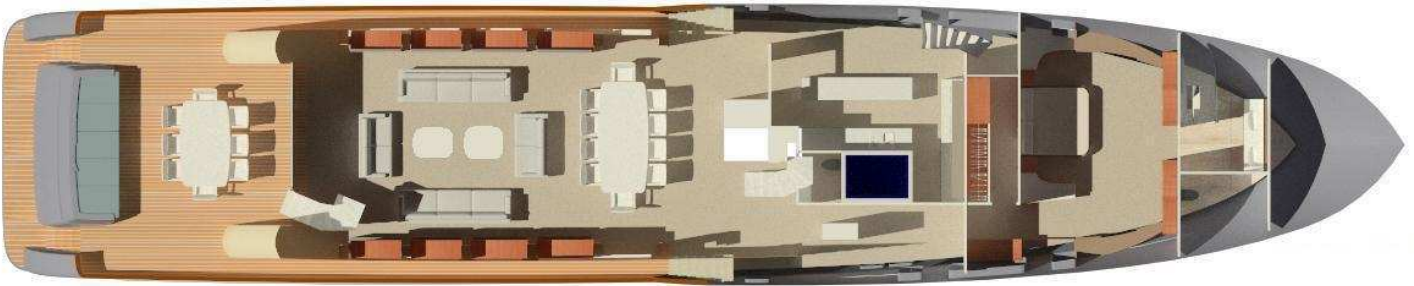

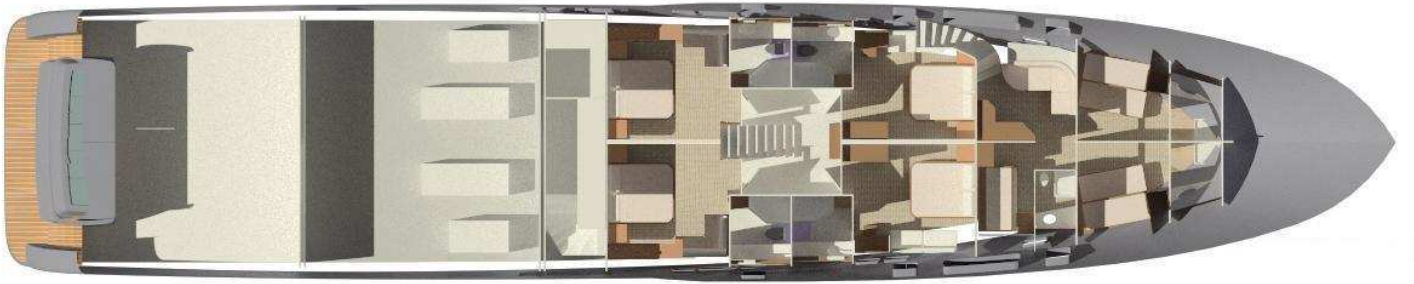

(*) Air pressure fresh water tanks installed in the engine room: one tank operating at 220 V and one at 24 V.

TOILETS AND SANITARY FITTINGS

10 in number. TEKMA brand electric toilets. WC water (black water) will be stored in a tank of 2,000 litres capacity, Washbasin and shower water (grey water) will be recovered in a separate 2,000 litres tank. Gauges for these tanks will be installed in the wheelhouse.

The drainage system will operate at 24 V and 220 V. The system may discharge directly into the sea or into the holding tank, by means of a manually-operated valve.

(*) Analysis of potential replacement by a single tank and water treatment unit.

HOT WATER BOILER

3 x 220 V 100 l hot water boilers will be installed in the engine room.

LUBRICATING OIL 500 litres

SPENT LUBRICATING OIL 700 litres

GREY WATER 2,000 litres

BLACK WATER 2,000 litres

AUXILIARY EQUIPMENT

STEERING SYSTEM DATA or Hydromarin steering system (running independently of the vessel's hydraulic and electrical systems), DATA or Hydromarin brand hydraulic steering system connected to the autopilot, rudder of 316 stainless steel.

SHAFTS AND BRACKETS 316 stainless steel shafts and brackets of stainless steel, RINA-approved.

PROPELLERS Propeller dimensions, the number and design of blades will be selected on the basis of engineering analyses. Propellers will be two in number and will be of bronze construction. RINA-approved.

RUDDER ANGLE INDICATOR Robertson rudder angle indicator

BOW THRUSTER AND

STERN THRUSTER SP-285 SIDE POWER bow thruster and stern thruster, wheelhouse and fly-bridge controlled. (35 hp. minimum)

STABILIZERS

TRAC 440 STABILIZER – For the stabilization of the vessel and the prevention of roll at speeds of 0 - 10 knots:

- Trac 440-20X fin and winglet package,
- Trac 440 stabilizer cable and sensor kit,
- Stabilizer servo box,
- Wheelhouse panel,
- Trac-Star control software,
- 440 stabilizer base package,
- 440 stabilizer GRP hull mounting package,
- Stabilizer remote start-up assembly,
- Fly-bridge remote panel ABS cable,
- 2 x 140 V d.c. hydraulic pumps,
- 25 kW integrated power pack for 400 V a.c. 3-phase 50 Hz accumulator,
- 75-litre tank,
- Hydraulically-controlled centrifugal cooling pump assembly,
- 2 x windlass capstan junction boxes,
- 1 x d.c. capstan with dual manifold,
- 1 x 24 V Microstart plc thrusters,
- 2 thruster control stations,
- Thruster control manifold – fully proportional

FUEL SEPARATOR AND

FILTERS SEPAR

MARINE-AIR, USA Air-conditioning and heating system with 4

x compressors, interconnectable.

Set of 220 V compressors with sea water-cooling systems and reversible circulation pump for the production of cold and hot air in all rooms.

Digital thermostat in every room, i.e.: passageways, cabins, galleys, salon, etc., for the control of temperature.

System rating: 220,000 BTU.

OIL/WATER SEPARATOR 1 x Heli-Sep oil/water separator

LLOYD-APPROVED SAFETY EQUIPMENT

SAFETY - 2 x 12-man inflatable liferafts in glass-fibre valises

- 1 x EPIRB emergency position-indicating radio beacon
- 2 x SART search and rescue transponders
- Extensive personal life-saving equipment.
- 6 white life-buoys

SAFETY BAG In accordance with flag,

FIRE/BILGE PUMP 3 x electric fire and bilge pumps (two pumps in the engine room and one pump located in the bow with dual-purpose anchor wash)

1 x emergency fire pump located on the bridge deck,

LLOYD-approved.

FIRE FIGHTING - FM-200 fire extinguishing system for engine room

- 12pcs. 6kg each Portable extinguishers located throughout the vessel.

ALARMS - Customized engine alarm monitoring system,

- Fire alarm system,

BILGE PUMPS - 8 bilge pumps. Automatic bilge pumps installed in the bilges, with indicator lights and controls on the bridge.

PROTECTION 10 + 2 life belts.

Storage racks will be arranged fore and aft on the starboard side.

ENGINE ROOM FIRE EXTINGUISHERS

According to requirements defined by RINA, the fire extinguishing system will comprise an automatic extinguisher system for the engine room.

TECHNICAL DOCUMENTS

- General arrangement plan
-

- Lines plan
- Midship plan, including transverse bulkheads
- Longitudinal section plan
- Electric and piping plan
- Shell expansion plan
- Class, tonnage certificates and stability booklet prepared by the classification society RINA

All guarantee documents and user/maintenance manuals for all electrical and mechanical installations in this motor yacht will be presented to the owner upon delivery.

ENGINE ROOM AND INSULATION

The yacht will be constructed with sound and thermal insulation. The insulating material used in the engine room will be ROCKWELL rockwool, together with painted steel plates applied to the ceiling and partitions. The floor will be covered with aluminium plates. All other insulating materials in this yacht will be fire-resistant and RINA-approved. Four 220 V engine fan-blowers will cool the 800 hp. Caterpillar engines.

24 V and 220 V lighting in the engine room.

RAYMARINE NAVIGATION INSTRUMENTS

1. 3x E02013 E120 Display
2. 1x DSM300
3. 1x E32025 RAYSTAR 125 SEATALK
4. 1x 4KW RADAR PED P/F & C SERIES
5. 1x 5S 48" RADAR ANTENNA
6. 1x Split Pedestal Cable 25mt.
7. 1x E66056 L755/760 BRNZ THXDCR-B744V-CE
8. 1x E12055 S3 COREPACK 12/24V-SEE NOTES
9. 2x E12098 ST6001 + CONTROL UNIT
10. 2x E55049 SEA TALK HS NETWORK CABLE 5mt.
11. 1x E55051 ETHERNET CABLE 20mt.
12. 1x E55058 SEA TALK HS NETWORK SWITCH
13. 1x E45002 RAY 240 EU 2nd STATION
14. 1x E42002 RAY 240 EU
15. 1x RAY 240 FOR 2nd STATION 10mt. CABLE
16. 1x HAILER HORN
17. 300x CABLE rg11

TV SATELLITE AND INTERNET

- KVH Tracvision TV Satellite antenna M9 model (90cm)
- Total 9x NEXT brand Satellite Receivers
- KVH Tracphone FB 500 satellite internet Antenna

DECK EQUIPMENT

EXTERIOR LIGHTING - 1 x large electric searchlight on fore deck

~ 2 x mast-mounted searchlights

~ 2 x searchlights on aft deck

~ 4 x underwater lights

~ navigation lights, Lloyd-approved

ANCHOR WINDLASSES 2 x DATA or hydromarin electric/hydraulic anchor windlasses

AFT WARPING CAPSTANS 2 x DATA electric/hydraulic aft warping capstans

ELECTRIC WINCH 2 x at aft, for mooring

BOAT HOOKS 2 x long timber boat hooks, port and starboard

WATER - Water filtration system downstream of tank for the supply of tap connections, with facility for cleaning

- Shore supply by means of a long hose with removable filter, with facility for cleaning.

- Shore supply connection, fresh water, with filter upstream of tank and facility for cleaning.

GAS OIL Fillers on port and starboard side, with bypass in the hold between tanks, where 2 tanks are installed.

ROPES - 2 x fore 25/50 + 2 x aft 25/50 + 2 x midships, of length 50m,

- + 3 of various lengths, 25m, 50m, 100m
- + 6 x springs + 6 x 2m chains, heavy-gauge, stainless steel + 12 x large stainless steel shackles

GROUND TACKLE Anchors:

- 2 x 225 kg HHP bow anchors

Chains:

- 2 x U2 chains of gauge 14mm and length 120m
- Requisite cleaning system anchors

TEAK GANGPLANK Brillmar gangplank of teak and stainless steel construction (for access to the shore, the pool and the port side quay), electro-hydraulic remote-controlled and retractable, length 4.5 m, with facility for angling and adjustment to the port side. Removable sun deck at one end with detachable stainless steel swim ladder.

TEAK SIDE ACCOMMODATION LADDER Ladder on starboard side, of teak and stainless steel construction.

AUDIO/TV SYSTEMS

TELEVISIONS AND DVD SYSTEM

- 1 x 42" LCD TV/Home cinema DVD (Philips) + Bose sound system with radio and alarm clock in the salon, TV arranged for stowage in furniture.
 - 1 x 32" LCD TV/DVD (Philips) + Bose sound system with radio and alarm clock in the master cabin, TV arranged for stowage in furniture.
 - 1 x 26" LCD TV/DVD (Philips) in both V.I.P. cabins.
 - 1 x 42" LCD TV/Home cinema DVD (Philips) in the video cabin
-

- 1 x 26" LCD TV/DVD/radio (Philips) in the captain's cabin
- 1 x 26" LCD TV/DVD/radio (Philips) in the crew's quarters
- 6 x I-pod bases, IH8 model (or new model) with alarm function and radio for the 4 cabins, the video cabin and the crew's quarters
- 2 x waterproof loudspeakers with CD/radio (Philips) on each of the two decks, balancing device in salon.

DECK FURNITURE Various deck chairs/loungers in teak, with cushions, to

be specified, Various sofas and cushions for sun decks, recreation and eating area

CLEANING 2 x cleaning devices with 2 x 50 metre hoses, traps to the fore of the main deck and 1 device aft with 25 metre hose for the cleaning of the tender, and 1 x hot/cold spray device aft (main deck).

LAZZARETTE Ladder access from main deck, access possible via fire-break door to engine room.

Storage for various equipments, inflation pump, diving cylinders, sea scooter, shelving for fins etc. and diving suit.

Small workbench with vice and tools for all necessary works, reserve storage cabinets for various lamps, ropes, shackles, chain, etc.
