Carolina

Built and berthed in Bodrum, M/S Carolina's superior hull is constructed from laminated mahogany to Lloyd's regulations. The deck is constructed of the finest Burmanian teak, and the interior of solid mahogany.

As a motor sailer she offers the best of both, with over 500 m² of sail area plus the power and reliability of a 450hp IVECO engine.

The schooner rig includes a roller furling genoa and staysail. The deck and sail fittings carry the respected harken name from the USA. Carolina is a delightfully fast and well - balanced sailing vessel.

Ref Code :	Carolina
