

THE 2009 **DONZI** 32 ZF

The Donzi 32 ZF boasts a full array of fishing features, like insulated overboard-draining fishboxes in the aft cockpit floor, and a 50-gallon illuminated livewell with high-volume pump system. There are four standard rod holders in the gunnels, four more in the helm seat, and four more on the T-top. The 32 ZF comes equipped with a large removable cooler, locking tackle boxes in the console, and more. Beneath the diamond-pattern nonskid, floor hatches with heavy-duty latches allow access to ample below-deck storage.

The 32 ZF's stepped running surface allows for maximum top end speed while also enhancing cruising speed efficiency. At the same time, the 32 ZF offers a smoother, drier ride than competitive models. The ride softness of the 32 ZF allows it to power through heavier seas, meaning you'll be forging ahead while others are throttling back. This advantage has been proven repeatedly at Southern Kingfish Association tournaments, where more professional anglers choose Donzi than any other brand.
