The Latest in Fish Finding.

Emerging from the acclaimed ranks of the CABO lineup comes the CABO 36 Express. Designed for sportfishermen looking to seriously "bring the fish up," its interior space delivers exceptional room and comfort. Its superior hull balance allows the 36 Express to cleave rough seas, glide comfortably over large waves, stir up less spray and move through the water with minimal hull resistance. Like all CABO's before her, the 36X's primary mission is to meet the needs of serious anglers looking for a boat that is tough enough to match their every challenge.
