Exterior spaces provide comfort and plenty of options; appealing cockpit dining area, lounge seats on the bow and the extremely spacious flybridge (it is designed to be the primary living space on board).

The interior has a spacious and open design, connecting the galley at the center of the boat with the huge lounge area and steering station.

The luxurious master cabin is bathed in soft light and it has an en-suite bathroom. The two guest cabins are extremely spacious and can be adapted to suit the passengers by transforming the double beds into twin beds. They also have an en-suite shower room.
