

265 WA

The all new 265 WA is a walkaround cuddy which offers cruiser like comforts such as a stand up cabin, aft bed, fully fitted galley with optional refrigerator and two hob cooker, an enclosed WC and ample storage lockers. Fishing features include aerated livewells, fish box, tackle box, rod holders.

Above decks, an optional stainless steel hardtop is provided together with an electronics box. The windshield is safety glass. Aft L seat provides the necessary seating area for cruising.

The Kjellman designed hull offers very high performance coupled with extremely good rough water manners. 630 lt fuel tank will give the necessary range for those long fishing trips or the family cruises.
