

320 WA

Flagship of the NorthStar range, 320WA is a large outboard walkaround offering excellent fishing space and features as well as a very large cabin for cruiser comforts.

The cabin boasts a very large aft bed, full stand up WC, fitted galley including a fridge, cooker and a microwave oven. An LCD TV is also provided as standard.

320WA hull does justice to the boat's distinctive aggressive looks offering a very high level of comfort and seakeeping. With

1000 litre fuel capacity and the long list of comfort items 320WA offers the ideal possibility of combining long fishing days with cruiser type accommodation at night.

Above decks, tackle boxes, rod holders, large fish box, twin aerated livewells, washdown pump remind us that this is a serious fishing boat at the same time offering ample space and features for the crowded outings. A safety glass windshield and a stainless steel hardtop provide the necessary comfort at the cockpit.
