” A new experience
in cruising. „

Robbing

Exellency in design **Impression 514**

The largest yacht in Elan’s Impression range to date, the Impression 514 is a spacious and stylish yacht designed for leisurely warm-water cruising with family and friends. Below decks the boat is fitted out to the highest standards, with cabins capable of sleeping up to 10 individuals in comfort, while a generous saloon area provides the ideal area for relaxation with its large windows ensuring that it is flooded with natural light when the sun is up and offering excellent views of its surroundings by both day and night.

On deck the large cockpit with its twin wheels provides a secure and commanding environment to enjoy the performance of this highly capable yacht while under sail. When at anchor, the transom folds down to reveal the dinghy stored under the rear of the cockpit, and to act as a convenient swimming and barbeque platform.

The Impression 514 will delight at sea as well as at rest, with her sleek lines, powerful yet easily handled sail plan and excellent stability, making her a pleasure to sail and giving her exceptional range for those with less time available for cruising than they would wish.

The perfect size of boat for those who like to sail with confidence and in comfort, the Impression 514 is guaranteed to be a welcome and popular addition to the sport of warm-water cruising.

The semi deck saloon opens out into spacious L- shaped chef's galley, relaxing U-shaped lounge area to port and an abundance of storage throughout.

On deck the vast cockpit area provides excellent comfort, the twin wheel steering system offers both a perfect position for the helmsman and excellent access to the transom. Ergonomically positioned winches are designed for easy handling with minimum crew.

The selection of various interior layouts with up to 5 beautifully appointed cabins and large en-suite bathrooms offer the owner the possibility to custom design.

The push of a button opens the garage door which serves as a large swimming platform when fully opened, creating easy access to the water and additional entertainment area. Designated garage space stores a Tender up to 2.60 metres in length. BBQ grill to port and sink with hot and cold water to starboard while a retractable hydraulic gangway eases the access on and off the yacht.

The Impression 514 is a sailing yacht whose illustrious pedigree is a promise for excellence and quality throughout.
