

A close-up, low-angle shot of the front of a white speedboat at night. The boat's sleek, aerodynamic nose is the central focus, with the "Jaguar 76 SPORT" logo prominently displayed in black. Above the logo, a small, cylindrical metallic detail is visible. The boat's dark, curved windshield is partially visible below the text. In the background, the dark blue night sky is visible, and the blurred lights of other boats in a harbor or marina create a sense of motion and luxury.
