

### Main Data

Year Building: 2006  
Model: Abacus 62  
Cabins: 3

Builder: Abacus Marine  
Flag: Italiana  
WC: 3

Length 18,66 mt  
Max Speed 34 kn

Width 5,00 mt  
Cruise Speed 30 kn

### Fuel & Engines

Engines 2  
Brand Caterpillar mod. C1-1000 DITA  
Generator MASA

Power 1014 HP  
Fuel Capacity 3500 liters

### Hydraulics

Water Capacity 800 liters  
Boiler yes

Autoclave yes

### Accessories

Air Conditioning  
Radio  
Freezer  
Dishwasher  
GPS Plotter Raymarine  
Electric windlass  
Radar

Satellitar TV  
DVD Player  
Ice maker  
washer-dryers  
Autopilot  
ECO/LOG  
FLAPS

TV system  
Refrigerator  
Ceramic hob  
BBQ on the fly  
VHF  
Hydraulic Steering  
Bow Thruster

### Short Description

Abacus62 the Yacht is a luxury type Fly-Bridge designed by the famous architect Fulvio de Simoni. Represents the best philosophy of the yard, a perfect synthesis of the latest generation design, functionality, comfort and performance, with large spaces that allow you to live aboard the medium long periods. The purity and the elegant simplicity of the lines outside are renewed in the design of the windows stretched forward following the leitmotif of the range Abacus Marine, offering a view to its full immersion into the sea. The Abacus 62 does not want to be a product of the series, but a style different characterizations with a copy to both finishes and for construction materials.
