**Broker's comments**

Having been perfectly developed, after two years this comfortable and solid built cruiser is now even better than new.

Elegant beige Awlgrip hull, Rod rigging, hydraulic winches, hydraulic furling.

Hand moulded with vinylester resin applied both to hull and keel that protects the hull against the osmotic processes.

The laminate is compacted manually using a metal roller, and the nucleus of PVC sticks to the laminate with a special adhesive.

Construction guaranteed over time.

French lease in process easy to takeover.
