Technical Data

Fuel capacity: **2300 l**
 Water capacity: **500 l**
 Transmission: **Shafting**
 Max Speed: **35 Kn**
 Cruising Speed: **30 Kn**
 Navigation category: **B - Offshore**
 People on board: **16**
 Rina Expiration: **2016**
 Displacement: **24470,00 Kg**

Generatore

1 x Kw 10 Kw Onan

Electrical System:

12-24-220 V

Habitability

Cabins Beds: **6**
 Other beds: **2**
 Total beds: **8**
 Crew beds: **0**

Cabins Typology

1 Living (trasformabile), 1 Double King Size, 1 Double flat, 1 Double bunk beds, 2 Toilet with shower

Materials

Hull Material: **Double Fiber Glass Hull**
 Deck Material: **Vtr + Teak**
 Cockpit Mat: **Teak**
 Hull color: **Blue**

Notes

Anyone considering the purchase of a luxury pleasure boat has developed certain lifestyle standards and a version to compromise. If you relate to this, welcome to the world of Riviera ... and in particular welcome aboard the 45 Open Flybridge. Over more than 27 years, Riviera has grown to become a major international force in luxury pleasure craft. Decades of building thousands of Flybridge Convertibles and a philosophy of constant refining and innovation has fashioned a new vessel that offers an extraordinary combination of comfort, performance, reliability, safety and value. The 45 features fully moulded steps complete with teak treads and a storage locker underneath. The rear bulkhead window and door open out into the cockpit to create one living space between the saloon and galley. The saloon is one integrated space, with the large galley just one small step down from the saloon. We've included an electrically operated overhead locker in the saloon headliner for safe and convenient storage and rod, thanks to the most advanced robotic varnishing facility in Australia, the finish on the timberwork is both impeccable and astonishingly durable. The 45 is a remarkable boat and it is the combination of hundreds of features. Some of these are major features, like propeller tunnels that provide greater forward thrust and an underwater exhaust system that minimises engine noise and fumes. Others are small but contribute much to the overall appeal of the 45. One example is the recessed cleats in the aft corners of the cockpit with their optional clipon covers; a design that creates a smooth profile and prevents fishing lines getting caught. This 45', used only for short summer cruises is the perfect family boat. Leasing process. Call for more details.
