Notes

This boat is in Central Agency at Given For Yachting. Cabo's first boat, the Cabo 35 Flybridge was introduced in 1991 and greeted with rave reviews. With over 200 now fishing the oceans of the world, she's one of the best selling boats in the Cabo line-up. In 1999 she was redesigned from the bottom up to incorporate improvements and new engineering geared towards better performance and greater access to what was already one of the best mechanical layouts in the business. Whatever aspect you're looking at, the quality of the Cabo 35 is obvious. Perfect Fishing Machine; full optional and always well maintained by her sole owner.
