Sistership aft profile

Technical Data

Fuel capacity: **1136 l**
 Water capacity: **210 l**
 Transmission: **Shafting**
 Max Speed: **31 Kn**
 Cruising Speed: **27 Kn**
 Navigation category: **B - Offshore**
 People on board: **8**
 Rina Expiration: **natante**
 Displacement: **7500,00 Kg**

Generatore

1 x Kw 2,5 Kw Mase

Electrical System:

12-220 V

Habitability

Cabins Beds: **4**
 Other beds: **0**
 Total beds: **4**
 Crew beds: **0**

Cabins Typology

1 V-Twin

1 Toilette doccia

Materials

Hull Material: **Fiber Glass**
 Deck Material: **Fiber Glass**
 Cockpit Mat: **No skid Fiber Glass**
 Hull color: **White**

Head

Notes

The LUHRS 31 is a Fisherman fishing created, designed to ensure maximum comfort and habitability navigation. The width of the hull ensures a remarkable stability, while the bow "Carolina" style makes surfing safe and dry. The deck provides ample space for guests while the wheelhouse is equipped with all the most modern equipment which makes use of large liquid crystal screens, necessary for safe navigation. As in 28, the bridge is raised and protected by a windscreen that provides notability.

The large cockpit includes fish tanks occupying all the transom with two lids for easy access, the livewell is insulated properly to starboard while diametrically opposite there is a work station for the preparation of baits, with a chopping board and tubs with recirculating pumps.

The concept of LUHRS boat remains fully living the sea, meaning that the boat has been designed for maximum comfort for living on the bridge, though, inside, you will find everything you need to take a little cruise: the dinette is convenient and can be transformed into a bunk bed for two persons, who along with twin bowform four comfortable beds in all.
