DESCRIPTION

The first impression that you have looking at the Bertram 450 with its new rounded lines is that it still has the recognizable Bertram profile. Further inspection reveals positive innovations to the classic Bertram. The rounded console features areas for all necessary electronic and navigation equipment required, and has protective Plexiglas covers along with plenty of storage areas. The entire superstructure is built with flowing lines which are very pleasing to the eye. In addition to the engine room, machinery room for equipment such as generators, pumps and water heater is forward of the lazarette. With twin MAN 900 Hp engines, the new, Bertram 450 can reach 30 knots cruise and 35 knots maximum speed. This 450 built for her sole owner is a three cabin version, perfectly maintained. Leasing process. Call for more details.
