Notes

The profile of the 86S will remind you of a sea creature attempting to break through the sea's surface. A particularly narrow bow precedes a slender, aerodynamic body, characterized by square windows and double mirrored shark fin windows, that are synonymous with the S Collection. A third horizontal window also allows yet more light to penetrate into the yacht. The AZ 86S is the perfect Sport to charter Yachts in the Med; 4 cabins for the Guests plus 3 crew allow a high comfort on board and the two powerful MTU, 2000 HP each, with surface drives, push her up to 44 Knots. Call for every detail.
