Kitchen and appliances

Burner, Deck Refrigerator (sul Fly), Dishwasher, Dryer, Freezer, Microwave Oven, Piastra elettrica (4 fuochi), Refrigerator, Washer

Upholstery

Bow Cushions, Fly Bridge Cushions, Instrument Cover

DESCRIPTION

This Yacht is in Central Agency at Given For Yachting. The Abacus 62 is a luxury yacht designed by the famous designer Fulvio De Simoni. A stylized hull line and the superstructure with an extremely aerodynamic flybridge creates a very aggressive look and modern. The wise play of volumes, large windows, the slender and charming solution on the roll-bar top lengthened create the visual effect of an open runny, which is far away from the classic impressive and somewhat massive flybridge. Guests are "spoiled" by numerous attentions: all lounges have air conditioning with independent controllers, many structures have electric/remote control: doors, ladder, stereo equipment, LCD TVs, refrigerators and all sort of appliance are as comfortable as of villa overlooking the sea. Please call for more details.
