Notes

The partnership with Poltrona Frau has meant that increase the commercial plus thanks to the international scope of the two companies, the headboard, side panels of cabins, piloting armchairs and co-pilot enjoy the leather upholstery of the renowned company. The internal compartmentalization of sleeping area, much better if in 4 CABINS ensures maximum comfort the shipowner and its guests, the kitchen remains separated from the stern Center Ballroom to provide the owner and guests more privacy.

The retractable aft window connects the external cockpit and upper Salon makes it brighter environments and enhances the entire boat control, mainly in situation where there are children aboard.

From the stern sundeck to the console there are about nine feet deep, to give the light at the top is the hard top that opens, exactly near the console, electrically opening side doors allow to bow comfortably without hindrance.

As an extension of a fixed hardtop, extends and retracts a fibreglass cover which increases shade in excessive heat days, bow that is more ventilated area of the boat there is a dinette with table and a bimini top for Sun protection.
