Notes

The Ferretti Custom Line 112 is a deluxe motor yacht by Ferretti Yachts. With twin 2, 735hp MTU diesels, and a planning hull, she is capable of speeds in excess of 29 Knots.

On this yacht, the owners chose to locate the main owners and VIP stateroom's on the lower deck, with each having both his & her ensuite areas, whilst the owners suite also features a jacuzzi. This design choice resulted in a main deck area on 1 enormous proportions. The huge main deck cabin is divided into two sections. The forward area has a secluded lounge and separate dining room whilst aft, divided by the central galley, stairways and dayhead, is a generous saloon with lounges and an entertaining media area. This aft saloon also includes a bar with bench top, to serve both the saloon and outside areas and games table area. This layout design is a most inviting one really capitalizing on the space and ideal for very large families or to allow privacy for various occasions. The aft cockpit includes a large teak table with comfortable aft lounge and moveable seats for occasion seating or alfresco dining. Two wide walkways lead to the swim platform which also gives way to a wide tender/toy garage under the aft cockpit. The wide walkround decks give way to easy access around the yacht. The other feature of this yacht is a larger than usual flybridge deck. The crew's quarters includes a captains stateroom with ensuite head/shower, along with one for the first mate/engineer. In the forepeak of the yacht there are two more crew cabins with upper/lower bunk and head.

Mamai is a most ideal for large families or yacht chartering, she has been fully maintained by her live aboard crew and most discerning owners. Call for more details.
