DESCRIPTION

The Ferretti Custom Line 112 is a deluxe motor yacht by Ferretti Yachts. With twin 2.750 hp MTU diesels, and a planning hull, she is capable of speeds in excess of 29 Knots. The huge main deck cabin is divided into two sections. The forward area has a secluded lounge and separate dining room whilst aft, divided by the central galley, stairways and dayhead, is a generous saloon with lounges and an entertaining media area. This aft saloon also includes a bar with bench top, to serve both the saloon and outside areas and table games area. This layout design is a most inviting one really capitalizing on the space and ideal for very large families or to allow privacy for various occasions. The aft cockpit includes a large teak table with comfortable aft lounge and moveable seats for occasion seating or alfresco dining. Two wide walkways lead to the swim platform which also gives way to a wide tender/toy garage under the aft cockpit. The wide walkround decks give way to easy access around the yacht. The other feature of this yacht is a larger than usual flybridge deck. The crew's quarters includes a captains stateroom with ensuite head/shower, along with one for the first mate/engineer. In the forepeak of the yacht there are two more crew cabins. Call for more details.
