Notes

"Tobeka" is arguably one of the most beautiful Leopard 24's created by Arno Shipyards. Her advanced design and exceedingly high build qualities give an incomparably smooth and comfortable ride. The vast upper deck with hard top and opening sunroof is the ideal place to relax and enjoy everything the sea offers. Her beautiful interior is both light and airy, noting in particular the saloon and office which bathe in natural light from generous sized portholes. "Tobeka" cabins are luxurious and include a spacious owner's suite with two additional guest cabins; one to starboard and one to port, both with private bathrooms. To say she is fastidiously maintained by her first and only Owner is a gross understatement. She is slipped each year and dry stored for the winter months to be re-launched and used only through summer. Certainly "Tobeka" can be described as a very special yacht.
