Notes

"Tobeka" is one of the most beautiful Leopard 24 produced by Arno Shipyards. She benefits from the latest in design and construction technologies, which give this yacht an incomparably smooth and comfortable ride. The vast upper deck with his hard top sunroof is the ideal place to enjoy the day at sea. The interior, beautifully finished throughout, is very light and airy below deck, in particular the saloon and the office corner, which benefit from natural light from the wide lateral potholes. The sleeping area for the owner and his guests includes a large owner's suite in the bow. In addition, there are two cabins for guests, one to starboard and one to port with twin beds, both with private bathroom. The yacht is perfectly maintained by her first and only Owner and stored in a shipyard every year for several months.
