Cabin

Notes

The Maori 37 is a very elegant and powerful Super Tender. The boat was presented at the Monaco Yacht Show 2012 as a demonstration boat and is now being offered for sale in as new condition. She packs a punch with 2 x 430 hp Gasoline Mercruiser, Mercruiser stern drives with a top speed of approx. 56 knots. The gasoline engines are reputed to only consume about 100 liters per hour both engines combined at cruising speed. This boat has a bow sun dodger cover and a second sun awning at the stern if required (covers all the stern sun bathing area). Ready to go. Call for more details.
