#### Entertainment

Hi-Fi (con upgrade impianto.)

#### Kitchen and appliances

Deck Refrigerator (doppio)

#### Upholstery

Bow Cushions, Cushions, Instrument Cover, Stern Cushions

## DESCRIPTION

Wally Tender, a fast Fast Commuter over 13 metres, has contributed to the birth of the myth "Wally". Its unique line, copied by many shipyards, remains unmatched as well as her seakeeping and charm really unique. Designed by Patrick Banfield, a specialist in this kind of boats, Wally Tender expresses the desire to leave the Rails. Much attention is devoted not to lose sight of the boat's design philosophy: a tender must always do the tender, and then, for example, the freeboard is low enough for easy docking and its descent to the docks. Among the original features the wide and open transom (4.30 m) or the pilotage area walk-around type, equipped with State-of-the-art equipment for navigation and the shape of the bow, that in the last meter rises from the water giving a character even stronger to the general lines of the boat.
