DESCRIPTION

This beautiful Toy 36 is equipped with two Volvo engines, generating a total of 740 HP to ensure efficient handling, a deep V-shaped keel cruising for absolute stability even in rough seas, plus bow and stern watertight compartments for guaranteed safety. The boat is also equipped with a generator that not only guarantees safety but also provides an inexhaustible supply of electric power. With this in mind, it was possible to install a very safe and efficient induction kitchen as well as a stereo system. The opening roof, spacious sunbathing area, easy-to-access cockpits and kitchen on the deck make this the ideal craft for the family who wants to go sailing on the weekend or enjoy all the fun of a short cruise.
