## **DESCRIPTION**

The profile of the 86S will remind you of a sea creature attempting to break through the sea's surface. A particularly narrow bow precedes a slender, aerodynamic body, characterized by square windows and double mirrored shark fin windows, that are synonymous with the S Collection. A third horizontal window also allows yet more light to penetrate into the yacht. The AZ 86S is the perfect Sport Yacht to cruise in the Med; 4 cabins for the Guests plus 3 crew allow a high comfort on board and the two powerful MTU, 2000 HP each, with surface drives, push her up to 44 Knots. The boat will be available from next October 2014. Call for every detail.
