Manufacturer Provided Description

Sarnico 65 is the new flagship: a sports cruiser that offers the same exclusive top quality finishing and high comfort levels which Sarnico already achieves on its other boats of the range. It has been designed by Nuvolari & Lenard who have conceived a modern styled boat. With hers hard top configurations and the three large cabins and crew quarter is for sure one of the most spacious in its category. The hull is typically Sarnico, with a very sharp entry at the bow and moderate "V" aft, providing excellent performance and a particularly soft behaviour in choppy seas; the engines are located amidships with direct drive installation for the optimum efficiency and weight distribution.
