

*Riva*

A pure sculpture in mahogany. The Aquarama Special has never lost its appeal, unaffected by the passage of time, suspended as it is between fashion and legend. The fascinating lines of the Aquarama are inescapable. Its perfect aesthetic and loving assembly are a testament to Riva's master carpenters. The warmth of the mahogany coupled with the excellent marine characteristics gives a fine sporting performance without sacrificing any comfort. This is a distillation of style and constant refinement for those who have a taste for the exclusive.
